## **TRAK Microwave Corporation Selected as Supplier for Harris's AN/GSC-52 Modernization (52 Mod) Program**

TRAK Microwave Corporation announced that it has been selected by Harris Government Communications Systems (Melbourne, FL) to be a supplier for its AN/GSC-52 Modernization (52MOD) Program. The AN/GSC-52 terminal is one in a family of Defense Satellite Communication Systems (DSCS) Network Terminals operated by the Army, Navy and Air Force throughout the world.

The primary program function of 52MOD is to modernize and extend the life of AN/GSC-52 terminals. TRAK will supply Harris with Frequency Up/Down Block Converters to support the upgrade activity. The complete modernization program is scheduled to be completed over a multi-year period of performance.
