**TRAK Microwave Corporation Selected as Supplier for DDG 1000
Zumwalt Class Destroyer**

TRAK Microwave Corporation today announced that it has been awarded a contract from Raytheon Integrated Defense Systems (IDS) (Andover, MA) to supply several critical components for the DDG 1000 Zumwalt Program. The DDG 1000 is the lead ship of a class of next-generation multi-mission surface combatants tailored for land attack and littoral dominance with capabilities that defeat current and projected threats and improve battle force defense. TRAK Microwave will supply a family of high-performance ferrite components for integration into the radar and supporting microwave subsystems.
